

TRIZCON2012 - TBA - Call for papers

TRIZCON2012 will be held in TBA in September. When the dates become firm, we will publish this information. To support the event, we are calling for Abstracts now with final papers to be due by 15 August. This date may change to conform to the actual conference date. Abstracts should be submitted now.

Abstracts should be 150-200 words and include Title, authors and short description of paper for review by audience should be placed in the first paragraph. Authors should submit a brief biography and a head-shot picture in gif or jpeg format. This information is placed in the second part of the submission form.

In order to upload your Abstract information, you will need to log into the AI website. See login box at the bottom of the left margin. If you do not have a Userid and Password, then you should sign up for a free membership where you will create your ID and Password.

Full author guidelines are posted to the AI website:
